Bowel Complaints in India.

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India where he was taken sick, that he had a bottle of Chamberlain's Remedy Cholice and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

SOAKING RAINS STILL
NEEDED SOME COUNTIES

General Improvement in State Crops in Most Sections

Columbia, June 8.—While there has been a general improvement in all crops, soaking rains are needed over the middle and southern counties, where drought continues. The rains thus far received have been sufficient to bring cotton to generally good stands, however, and chopping is being pushed; the nights have been too cool for best growth, and there is some complaint of grass. Corn is growing rapidly. Tobacco, field truck and gardens are improving, and cucumber shipments have begun; the potato and bean harvests are about finished; cantaloupes show irregular growth. The grain harvests continue; oats show a short crop, but wheat though short in straw, shows better results, in some districts being considerably better than was expected. Early peaches are ripening. Pastures generally are still short.

Meteorologist.

CROPS ARE MARKETING
NOW IN AUTOMOBILE

Lancaster Farmer Carries Peaches to Market in Car

Charlotte, N. C., June 8.—In olden days farmers in this part of the south were accustomed to bring their crops to city markets in farm wagons, hauled by horses and mules. Not so today. They bring their harvests to Charlotte in automobiles, generally Ford machines. J. P. Harris, a prosperous farmer of Lancaster, S. C., came to Charlotte yesterday with his automobile loaded with peaches picked early in the morning from his own peach orchard. The Lancaster man reported that owing to the cold weather and other elements the crop would be fully 50 per cent short this year and yet this scarcely did not affect the price. That is, small baskets containing three quarts, the peaches were of the Greensboro and Victor varieties.

MARGUERITE CLARK STARS
IN "MOLLY MAKE BELIEVE"

Famous Players Make Superb Adaptation of Popular Story.
"Molly Make-Believe," an adaptation of the celebrated romantic story which has ranked among the "six best sellers" ever since it appeared in print, is the next starring vehicle in which delightful little Marguerite Clark is to appear. This celebrated story is to be the Famous Players attraction on the Paramount program at the Bijou today.

The actual staging of "Molly Make-Believe" caused more excitement and amusement in the Famous Players studio than any film produced there for many months. This was due to the fact that it was considered advisable to build the stable scene in the studio.

Also Leads in Marriage.
Atlanta, June 8.—That he's as good at leading a bride to the altar as he is at leading the students of Georgia Tech in their college yell was demonstrated yesterday by Lucy Sewell, aged 20 years, when he brought Miss Ruth Simpson to Atlanta from Shorter college at Rome, where she has been a student, and quietly took her to Martha and made her his wife. Sewell lives at Charlotte, N. C., and his bride is the daughter of a wealthy merchant of Chicago.

Russia Wins Victory.
Petrograd, June 8.—The capture of Lutsk and a series of powerful Austrian positions was announced. German household prisoners were taken.

SEN. R. M. LA FOLLETTE

This snapshot of Senator La Follette of Wisconsin, who is credited with twenty-six votes for the nomination for the presidency in the Chicago convention, was taken the other day in Washington. The senator was in such a hurry that he would not halt for the photographer.
